DIARY NOTES

DD/S

28 January 1971

1. NIPE Briefings: I telephoned Mr. Tweedy to offer updated briefings on Support overall and/or on specific office activities. I noted that [REDACTED] specifically indicated an interest in briefing him. Mr. Tweedy is interested and will contact us in a week or so to lay on specific sessions.

2. EEO Functions: Mr. Stewart telephoned to clarify the question raised by the EEO officer as to proper placement of that responsibility. The Director of Personnel had commented negatively on the suggested transfer to him of this responsibility. Mr. Stewart said that he had discussed the matter with the Executive Director some time back and there is no intention to move the EEO responsibility away from the Inspector General. I passed this information to Mr. Fisher.

3. Deputies' Meeting: Following the discussion at the 27 January Deputies' Meeting of the recent developments concerning the Professional Intelligence Officers' Forum (or Society) I informed each Office Director and the senior DD/S staff officers that the Support Directorate personnel should stand away from this organization at least until a further Agency position is decided and announced.
